## **Beacons with Horn** Flashing Xenon 95 Series

Edwards 95 Series xenon strobe beacons with integrated horns are combination visual and audible signaling devices, suitable for use in indoor or outdoor applications. The base is cast and can function as a junction box. The double fresnel lens is made of shatter-resistant polycarbonate and optically engineered to maximize light distribution and viewing distance. Trigger and timing circuits are included as integral parts of the power supply. Replacement costs are • For outdoor applications, must be mounted on reduced, as it is necessary to replace only the strobe tube.

## **Features and Specifications**

- Strobe light source with integrated horn
- Flash rate 65 fpm
- · Shatter-resistant double fresnel polycarbonate lens
- High resistance to shock and vibration
- Cast base can function as a junction box
- Suitable for use in indoor and outdoor applications
- conduit with lens facing up.
- · Horn is 95dB at 1 meter/85dB at 10ft.
- · Option for panel, conduit or wall mounting
- Operating temperature range: -31°F to 150°F (-35°C to 66°C)
