

# Fact Sheet

**Overview** As the global experts in communication, monitoring and control for industrial automation and networking, Red Lion Controls has been delivering innovative solutions to customers for over forty years. Red Lion is a [Spectris](#) company.

**Founded** 1972

**Headquarters** York, Pennsylvania

**Offices** More than 15 offices across the Americas, Asia-Pacific and Europe

**Employees** Over 400 worldwide

**Website** [www.redlion.net/together](http://www.redlion.net/together)

**Products**

**Industrial Automation**  
PID Controllers; Data Acquisition; RTUs & I/O Modules; Signal Conditioners; Sensors; HMI Operator Panels; Panel Meters; Large LED Displays; Industrial TV Displays

**Industrial Networking**  
Ethernet Switches; Wi-Fi Radios; Cellular M2M Modems, Routers & RTUs; Protocol, Media & Serial Converters

**Parent Company** Spectris (London Stock Exchange: SXS)

**Acquisitions** Sixnet: industrial Ethernet switches, cellular and automation (2011)  
N-Tron: industrial Ethernet switches and wireless modems provider (2010)  
Paradigm Controls: operator interface panel provider (1996)

**Partners** Extensive network of more than 1,000 distributors worldwide

**Markets**

Automotive	Oil & Gas
Food & Beverage	Water & Wastewater
Packaging	Power & Energy
Electronics	Transportation
Aerospace	Mining
Plastics	Maritime
Security	Military

**Awards & Accolades**

Automation World First Team Supplier, HMI Hardware (2013)

Automation World First Team Supplier, Data Acquisition Hardware (2011-2013)

Automation World First Team Supplier, Networking Components - Ethernet (2011-2013)

Automation World First Team Supplier, Networking Components - Wireless (2011)

CA168 “2012-2013 China Annual Most Popular Product”, NT24k (2012-2013)

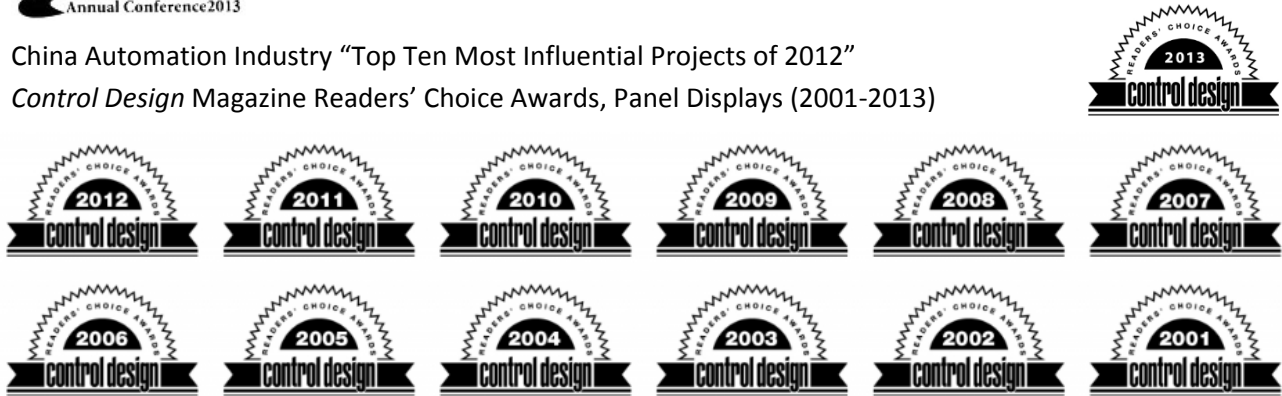

CA168 “2012-2013 Annual Most Growth Potential Brand” (2012-2013)

CA168 Most Competitive Product, Shanghai Industrial Automation Show (IAS), ProductVity Station (2012)

China Automation Industry “Top Ten Most Influential Projects of 2012”

Control Design Magazine Readers’ Choice Awards, Panel Displays (2001-2013)

Control Engineering China Best Product Award of the Year, Networking Communications, NT24k (2013)

Control Engineering China Editor’s Choice Award, ProductVity Station (2012)

Control Engineering China Editor’s Choice Award, Crimson 3.0 Software (2012)

2013

Editor’s Choice Award ProductVity Station

Editor’s Choice Award Crimson 3.0 Software

Plant Engineering China Industrial Control Award, Graphite (2013)
